New York, July 21.—The North German Lloyd steamship line announced today that none of its steamers would sail from New York until further notice.

AUSTRIA APPEALS

Vienna, Austria, July 31.—Popular enthusiasm in connection with the war against Servin shows no sign of abatement. An appeal for Red Cross nurses today met with an immediate response from 1980 women and girls belonging to all classes. Archduchess starie Theresa applied to emperor Francis Joseph for permission to be enrolled as a Red Cross nurse.

The police authorities have forbidden the publication of extra editions of the newspapers and even the remain editions have not been permitted to refer to the occupation of Belgrade, which is still not generally gnown.

The Austrian plan of campaign, it is understood here, is to attack Servia chiefly by way of Bosnia, while the armies on the Danube in the north simply occupy positions and remain temporarily inactive.

St. Petersburg, Russia, July \$1.— The population of the Russian capital was awake throughout the night and the streets resounded with the din of patriotic demonstrations. A quick suc-cassion of special editions of the news-papers kept the excitement at boiling point and the venders had a hard time in supplying those anxious to see the latest dispatches which in many cases were read aloud to the public round-about.

Great processions paraded the streets, the demonstrators carrying banners and portraits of the emperor.

Loud cheers were shouted for the emperor and the armpy.

Striking sceness were witnessed at the mobilization offices, whither people of all classes flocked to register their names.

situation was increased with the lapse
of each day. At the same time it was
said that it must not be assumed that
all hope of peaceful solution had vaninhed. France it was said, will not
mobilize her army until after Germany
has done so.
